### Adoption Policies:

- All fees include age-appropriate vaccinations, preventatives, and a microchip through HomeAgain; Some include spay/neuter.
- We do not hold pets for any reason prior to adoption, even if you want to call to set up a time to visit the pet. It's so important for the pet to have a happy home as quickly as possible, and we've had the unfortunate experience of too many people breaking appointments, and the pet misses a chance at adoption through another family.
- Please let us know at the time of your visit if you have other pets, as we can test out your potential pet with cats or dogs to make sure there's no known issues. If you currently own a dog and are considering adopting another dog, if at all possible you should bring your dog with you to meet your new dog to make sure they get along.
